INTERNATIONAL CONCLAVE ON OCCUPATIONAL SAFETY AND HEALTH

VISION ZERO

Safety.Health.Wellbeing.

ORGANISED BY : Department of Factories and Boilers,
Ministry of Labour & Skills, Government of Kerala, India

IN ASSOCIATION WITH

National Safety Council –
Kerala Chapter

Invitation

Department of Factories & Boilers, Government of Kerala, in strategic alliance with Deutsche Gesetzliche Unfallversicherung (DGUV), Germany, takes immense pride in extending a formal invitation to the third edition of its International Conclave on Occupational Health and safety — Surakshitham 3.0: The Vision Zero Conclave, to be held on 10th and 11th October 2025 in Ernakulam, Kerala, India. This landmark international gathering will be inaugurated by the Honourable Chief Minister of Kerala, Shri Pinarayi Vijayan, and will bring together eminent thought leaders, regulatory institutions, multinational corporations, and academic trailblazers to collectively reaffirm a future rooted in the Vision Zero philosophy — a future where no worker suffers injury, illness, or loss of life due to work. future where no worker suffers injury, illness, or loss of life due to work.

From Compliance to Commitment: Vision Zero Concept

Vision Zero is a revolutionary paradigm in occupational health and safety that transcends conventional compliance models and elevates the conversation to one of absolute moral commitment, systemic accountability, and human dignity. It is rooted in a fundamental belief: that no loss of life, health, or wellbeing is acceptable at the workplace — not as a statistic, not as a cost of doing business, and not as an inevitability of industry. Vision Zero calls for a bold cultural shift — from reactive enforcement to integrated prevention — where safety is not an obligation imposed by law, but a shared value embedded into leadership, design, behaviour, and operational systems at every level of enterprise.

Unveiling Surakshitham 3.0

Surakshitham 3.0 is Kerala's foremost international platform dedicated to advancing excellence in Occupational Health, Industrial Safety, and Worker Wellbeing. Anchored in the ethos of “Surakshitham” — the Malayalam word for safety and protection — this conclave embodies the state's unwavering commitment to safeguarding lives across all spheres of work. It builds upon the legacy of its previous editions by scaling its impact, reach, and relevance to the global stage, set under the visionary theme of Vision Zero — an ambitious global campaign that envisions zero accidents, zero diseases, and zero harm in the world of work.

About DGUV

Deutsche Gesetzliche Unfallversicherung (DGUV), or German Social Accident Insurance, serves as the national umbrella association for Germany's statutory accident insurance institutions, encompassing both industrial sector and public sector insurers. As a central coordinating body, DGUV safeguards shared interests of its member institutions and promotes their core mandate — the prevention of workplace accidents, occupational diseases, and work-related health hazards. It plays a vital role in representing statutory accident insurance system before national and international policymakers, European institutions, and social partners of employers and employees.

About Department of Factories & Boilers, Govt. of Kerala

Department of Factories & Boilers, Government of Kerala is the state's apex statutory body entrusted with the vital responsibility of ensuring the occupational safety, health, and welfare of workers across factories and construction establishments. With a legacy rooted in the progressive industrial policies of Kerala, the Department functions as both a regulator and a facilitator — enforcing critical legislations including the Factories Act, 1948 and the Indian Boilers Act, 1923, while actively fostering a preventive safety culture across diverse industrial sectors.

Participants & Topics Covered

The 2025 edition will convene a prestigious constellation of global stakeholders including DGUV (Germany), International Labour Organization (ILO), Board of Certified Safety Professionals (BCSP, USA), and the United Nations Convention to Combat Desertification (UNCCD). The conclave will be further elevated by contributions from world-leading corporate entities such as Chevron, Saint-Gobain, Air Products, Cholamandalam, as well as India's premier scientific and academic institutions like IIT Roorkee, CMC Vellore, and NIOH. The conclave will explore future-facing topics such as

- Chemical Safety Management
- AI & Machine Learning Applications in Safety
- Occupational Health Surveillance
- Process Safety Governance
- Construction Risk Control
- Fire Safety
